Audit report

To the Shareholders of
Credit Suisse Nova (Lux) (the "Fund")

Our opinion

Our opinion for each of the sub-funds of the Fund, except the sub-fund Credit Suisse Nova (Lux) Supply Chain Finance High Income Fund

In our opinion, the accompanying financial statements, with the exception of the financial statements of the sub-fund Credit Suisse Nova (Lux) Supply Chain Finance High Income Fund, give a true and fair view of the financial position of each of the sub-funds as at 31 October 2020, and of the results of their operations and changes in their net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

Our qualified opinion for Credit Suisse Nova (Lux)

In our opinion, except for the possible effects of the matters described in the "Basis for qualified opinion for the Fund" section of our report, the accompanying financial statements of the Fund give a true and fair view of its financial position as at 31 October 2020, and of the results of its operations and changes in its net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

What we have audited

The financial statements of the Fund and of each of its sub-funds except the sub-fund Credit Suisse Nova (Lux) Supply Chain Finance High Income Fund comprise:

- the Combined Statement of Net Assets for the Fund and the Statement of Net Assets for each of the sub-funds of the Fund except the sub-fund Credit Suisse Nova (Lux) Supply Chain Finance High Income Fund as at 31 October 2020;
- the Combined Statement of Operations / Changes in Net Assets for the Fund and Statement of Operations / Changes in Net Assets for each of the sub-funds of the Fund except the sub-fund Credit Suisse Nova (Lux) Supply Chain Finance High Income Fund for the year then ended;
- the Statement of Investments in Securities for each of the sub-funds of the Fund except the sub-fund Credit Suisse Nova (Lux) Supply Chain Finance High Income Fund as at 31 October 2020; and
- the notes to the financial statements, which include a summary of significant accounting policies.

Basis for opinion for each of the sub-funds of the Fund except the sub-fund Credit Suisse Nova (Lux) Supply Chain Finance High Income Fund

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession (Law of 23 July 2016) and with International Standards on Auditing (ISAs) as adopted for Luxembourg by the "Commission de Surveillance du Secteur Financier" (CSSF). Our responsibilities under the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the "Responsibilities of the "Réviseur d'entreprises agréé" for the audit of the financial statements" section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion for each of the sub-funds of the Fund except the sub-fund Credit Suisse Nova (Lux) Supply Chain Finance High Income Fund.

We are independent of the Fund in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements. We have fulfilled our other ethical responsibilities under those ethical requirements.

Basis for qualified opinion for the Fund

As described in note "Subsequent events", the sub-fund Credit Suisse Nova (Lux) Supply Chain Finance High Income Fund has been put in liquidation due to considerable uncertainties with respect to the accurate valuation of the assets held. While the sub-fund Credit Suisse Nova (Lux) Supply Chain Finance High Income Fund has been accounted for under liquidation accounting principles, the supply chain notes held by Credit Suisse Nova (Lux) Supply Chain Finance High Income Fund were measured at amortised cost without consideration of potential value adjustments, as explained in note "Valuation Note". As further detailed in the same note, supply chain notes representing 18.5% of the net asset value of Credit Suisse Nova (Lux) Supply Chain Finance High Income Fund have not yet matured or are in payment delay and are considered to be subject to uncertainty of repayment. We did not obtain sufficient appropriate evidence regarding the value of these notes. As a consequence, we were not able to assess if any adjustment to the carrying value of these notes was necessary.

As further explained in the note "Subsequent events", supply chain notes fully paid back since 31 October 2020 may have been reinvested into new notes. A significant part of them relate to the same underlying counterparties and are now under valuation uncertainty or in payment delay. As a consequence, we were not able to assess if any adjustment to the carrying value of the original notes was necessary.

Considering that we issued a disclaimer of opinion on the financial statements of the sub-fund Credit Suisse Nova (Lux) Supply Chain Finance High Income Fund for the year ended 31 October 2020 and that the net assets of Credit Suisse Nova (Lux) Supply Chain Finance High Income Fund represents 16.7% of the Fund's total net assets, we were not able to assess if any adjustment to the carrying value of the balance shown in the position "Investments in securities at market value" of the Combined Statement of Net Assets of the Fund was necessary.

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession (Law of 23 July 2016) and with International Standards on Auditing (ISAs) as adopted for Luxembourg by the "Commission de Surveillance du Secteur Financier" (CSSF). Our responsibilities under the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the "Responsibilities of the "Réviseur d'entreprises agréé" for the audit of the financial statements" section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion for the Fund.

We are independent of the Fund in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements. We have fulfilled our other ethical responsibilities under those ethical requirements.

Emphasis of Matter

We draw attention to Note “Subsequent events” to the financial statements which indicates that the sub-fund Credit Suisse Nova (Lux) Supply Chain Finance Investment Grade Fund has been put in liquidation with effect from 4 March 2021. We also draw attention to the section “Liquidation cost” in the Note “Subsequent events” which describes that the sub-fund Credit Suisse Nova (Lux) Supply Chain Finance Investment Grade Fund will be responsible for certain costs linked to the management of the wind-down process including, but not limited to, recovery efforts, insurance, and potentially litigation and that no provision has been recorded in the financial statements given the early stage of the process. Our opinion is not modified in respect of this matter.

Other matter

In addition to the present audit report on the financial statements of the Fund and of each of its sub-funds except the sub-fund Credit Suisse Nova (Lux) Supply Chain Finance High Income Fund, we have issued a disclaimer of opinion on the financial statements of the sub-fund Credit Suisse Nova (Lux) Supply Chain Finance High Income Fund for the year ended 31 October 2020. The disclaimer of opinion is included in page 8 of the annual report.

Other information

The Board of Directors of the Fund is responsible for the other information. The other information comprises the information stated in the annual report but does not include the financial statements and our audit report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard for each of the sub-funds of the Fund except the sub-fund Credit Suisse Nova (Lux) Supply Chain Finance High Income Fund.

For the Fund, as described in the “Basis for qualified opinion for the Fund” section above, we were not able to obtain sufficient and appropriate audit evidence about the value of the supply chain notes held by the sub-fund Credit Suisse Nova (Lux) Supply Chain Finance High Income Fund. Accordingly, we are unable to conclude whether or not the other information is materially misstated with respect to these matters.

Responsibilities of the Board of Directors of the Fund for the financial statements

The Board of Directors of the Fund is responsible for the preparation and fair presentation of the financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors of the Fund determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors of the Fund is responsible for assessing the Fund’s and each of its sub-funds' ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Fund either intends to liquidate the Fund or close any of its sub-funds or to cease operations, or has no realistic alternative but to do so.

Responsibilities of the "Réviseur d'entreprises agréé" for the audit of the financial statements

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control;

- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors of the Fund;

- conclude on the appropriateness of the Board of Directors of the Fund's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's or any of its sub-funds' ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our audit report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the Fund or any of its sub-funds (except for Credit Suisse Nova (Lux) Supply Chain Finance High Income Fund and Credit Suisse Nova (Lux) Supply Chain Finance Investment Grade Fund where a decision to liquidate exists) to cease to continue as a going concern;

- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Audit report

To the Shareholders of
Credit Suisse Nova (Lux) Supply Chain Finance High Income Fund

Disclaimer of opinion

We do not express an opinion on the accompanying financial statements of Credit Suisse Nova (Lux) Supply Chain Finance High Income Fund (the "sub-fund"), a sub-fund of Credit Suisse Nova (Lux) (the "Fund"). Because of the significance of the matters described in the "Basis for disclaimer of opinion" section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We were engaged to audit the financial statements of the sub-fund, which comprise:

- the Statement of Net Assets as at 31 October 2020;
- the Statement of Operations / Changes in Net Assets for the year then ended;
- the Statement of Investments in Securities as at 31 October 2020; and
- the notes to the financial statements, which include a summary of significant accounting policies.

Basis for disclaimer of opinion

As described in note "Subsequent events", the sub-fund has been put in liquidation due to considerable uncertainties with respect to the accurate valuation of the assets held. While the sub-fund has been accounted for under liquidation accounting principles, the supply chain notes held were measured at amortised cost without consideration of potential value adjustments, as explained in note "Valuation Note". As further detailed in the same note, supply chain notes representing 18.5% of the net asset value have not yet matured or are in payment delay and are considered to be subject to uncertainty of repayment. We did not obtain sufficient appropriate evidence regarding the value of these notes. As a consequence, we were not able to assess if any adjustment to the carrying value of these notes was necessary as of 31 October 2020.

As further explained in the note "Subsequent events", supply chain notes fully paid back since 31 October 2020 may have been reinvested into new notes. A significant part of them relates to the same underlying counterparties and are now under valuation uncertainty or in payment delay. As a consequence, we were not able to assess if any adjustment to the carrying value of the original notes was necessary.

Emphasis of Matter

As described in the section "Liquidation cost" within the Note "Subsequent events", the sub-fund will be responsible for certain costs linked to the management of the wind-down process including, but not limited to, recovery efforts, insurance, and potentially litigation and no provision has been recorded in the financial statements given the early stage of the process.

Responsibilities of the Board of Directors of the Fund for the financial statements

The Board of Directors of the Fund is responsible for the preparation and fair presentation of the financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors of the Fund determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors of the Fund is responsible for assessing the sub-fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Fund either intends to liquidate the sub-fund or to cease operations, or has no realistic alternative but to do so.

Responsibilities of the "Réviseur d'entreprises agréé" for the audit of the financial statements

Our responsibility is to conduct an audit of the sub-fund's financial statements in accordance with the Law of 23 July 2016 on the audit profession and with International Standards on Auditing as adopted for Luxembourg by the "Commission de Surveillance du Secteur Financier" (CSSF) and to issue an audit report. However, because of the matters described in the "Basis for disclaimer of opinion" section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are independent of the Fund in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements. We have fulfilled our other ethical responsibilities under those ethical requirements.

General

Credit Suisse Nova (Lux) (the "Company") is a Luxembourg investment company with variable capital (SICAV), established on 15.11.2005. The Company has an umbrella structure and has been registered in Luxembourg as an Undertaking for Collective Investment under Part II of the amended law of 17.12.2010 and the law of 12.07.2013 on Alternative Investment Fund Managers («Law of 12 July 2013»).

As of 31.10.2020 the Company had 5 Subfunds.

Changes:
Credit Suisse Nova (Lux) Fixed Maturity Bond Fund 2019 matured and was closed on 20.12.2019.
Credit Suisse Nova (Lux) CS GAINSSM Commodity Plus was liquidated on 03.02.2020.
Credit Suisse Nova (Lux) Supply Chain Finance Investment Grade Fund was launched on 24.02.2020.
Credit Suisse Nova (Lux) Fixed Maturity US Loan Fund 2021 was merged into Credit Suisse Nova (Lux) Global Senior Loan Fund on 09.10.2020.

Summary of significant accounting policies

a) Presentation of financial statements
The financial statements are prepared in accordance with Luxembourg legal and regulatory requirements relating to investment funds under the going concern basis of accounting except for the Subfunds: Credit Suisse Nova (Lux) Fixed Maturity Bond Fund 2019, Credit Suisse Nova (Lux) CS GAINSSM Commodity Plus, Credit Suisse Nova (Lux) Fixed Maturity US Loan Fund 2021, Credit Suisse Nova (Lux) Supply Chain Finance High Income Fund and Credit Suisse Nova (Lux) Supply Chain Finance Investment Grade Fund. As indicated in Note General, the first was put in liquidation as of 20.12.2019, the second as of 03.02.2020 and the third was merged as of 09.10.2020. As indicated in Note Subsequent events, the fourth and fifth were put in liquidation as of 04.03.2021. As such, the financial statements for these Subfunds have been prepared on a non-going concern basis.

The application of the non-going concern basis of accounting has not lead to material adjustments to the Subfunds' published net asset value.

b) Computation of the net asset value of each Subfund
The net asset value per share in each Subfund is calculated in the reference currency of the respective Subfund and is determined by the Company in Luxembourg on each day on which banks are normally open for business in Luxembourg for Credit Suisse Nova (Lux) Fixed Maturity Bond Fund 2019, Credit Suisse Nova (Lux) Supply Chain Finance High Income Fund and Credit Suisse Nova (Lux) Supply Chain Finance Investment Grade Fund, and in Luxembourg and in New York for Credit Suisse Nova (Lux) CS GAINSSM Commodity Plus, Credit Suisse Nova (Lux) Fixed Maturity US Loan Fund 2021 and for Credit Suisse Nova (Lux) Global Senior Loan Fund (each such day being referred to as a "Valuation Day").

For Credit Suisse Nova (Lux) European Senior Loan Fund, Credit Suisse Nova (Lux) Fixed Maturity US Loan Fund 2021 and Credit Suisse Nova (Lux) Global Senior Loan Fund: the net asset value of the Subfund is determined daily for subscriptions and twice a month for redemptions, on the first and the fifteenth business day, by using the closing prices of the previous business day.

Credit Suisse Nova (Lux) Portfolio Premium I: the net asset value of the Subfund is determined once a month, by using the closing price of the last business day of the month, when banks are open for business in Luxembourg.

The Investment Manager needs to undertake transactions in order to maintain the desired asset allocation as a result of subscriptions or redemptions, which may generate additional costs for the Subfund and its shareholders. As a consequence, in order to protect the existing investors' interest, from these capital movements, when net capital movements exceed a threshold pre-defined by the Board of Directors, an adjustment of the NAV per share used is applied. This adjustment reflects the estimated tax and dealing costs that may be incurred by the Subfund as a result of these transactions, and the estimated bid-ask spread of the assets in which the fund invests. A periodical review is undertaken in order to verify the appropriateness of the swing factor being applied.

For Credit Suisse Nova (Lux) European Senior Loan Fund, Credit Suisse Nova (Lux) Fixed Maturity US Loan Fund 2021 and Credit Suisse Nova (Lux) Global Senior Loan Fund: the Net Asset Value is increased by up to a maximum of 2% per Share in the event of a net surplus of subscription applications or reduced by up to a maximum of 2% per Share in the event of a net surplus of redemption applications in respect of the applications received on the respective Valuation Day.

The NAV per share as disclosed in the statistical information is the published NAV per share whereas the total net assets disclosed in the statement of net assets is the total net asset value excluding year end swing adjustment.

During the period ended 31.10.2020 the following Subfunds applied swing pricing:
Credit Suisse Nova (Lux) European Senior Loan Fund, Credit Suisse Nova (Lux) Fixed Maturity US Loan Fund 2021 and Credit Suisse Nova (Lux) Global Senior Loan Fund.

Credit Suisse Nova (Lux) Supply Chain Finance High Income Fund and Credit Suisse Nova (Lux) Supply Chain Finance Investment Grade Fund invest in Notes that are backed by Receivables which are valued by using a linear amortization method unless such method is not applied in appropriate circumstances with a view to applying a downward mark-to-market method.

The Receivables are syndicated into the Notes which are issued in separate series, each of which represents one compartment of the special purpose vehicle (i.e., a securitization vehicle). Each compartment relates to one or more obligors (typically corporates) and is legally ring-fenced from the other compartments of the same special purpose vehicle (i.e., a securitization vehicle).
Notes are backed by Receivables which are legally enforceable claims for payment from a business, worldwide (including emerging markets), relating to the supply of goods or services.
Notes backed by buyer confirmed trade receivables/buyer payment undertakings relate to invoices delivered to the buyer which the buyer approves and in respect of which the buyer irrevocably confirms its obligation to pay, thereby creating a buyer payment undertaking.
Notes backed by supplier payment undertakings relate to account receivables payable by a buyer in relation to which the supplier irrevocably confirms the supplier's obligation to pay, thereby creating a supplier payment undertaking. Notes backed by account receivables relate to accounts receivable payable by buyers which may or may not benefit from an obligation of the supplier or seller of such accounts receivable to repurchase accounts receivable where there is a dilution or dispute relating thereto.
The exposure of Credit Suisse Nova (Lux) Supply Chain Finance High Income Fund to the underlying credit risk of obligors is controlled by the Portfolio Manager acquiring Notes which are backed by Receivables payable by one or more obligors each of which have a minimum rating of CCC by Standard and Poor's or Caa3 by Moody's or which exhibit similar credit quality in the view of the AIFM.
Notes acquired by Credit Suisse Nova (Lux) Supply Chain Finance High Income Fund on the basis of the obligor minimum credit ratings are sold by the Portfolio Manager as soon as reasonably possible where the relevant obligor is downgraded below the requisite minimum rating. Credit Suisse Nova (Lux) Supply Chain Finance High Income Fund is exposed to the credit risk of every obligor who can be either an investment grade obligor or a non-investment grade obligor.

The exposure of Credit Suisse Nova (Lux) Supply Chain Finance Investment Grade Fund to the underlying credit risk of obligors is controlled by the Portfolio Manager acquiring Notes which are backed by Receivables payable by one or more obligors each of which have a minimum rating of A- by Standard and Poor's or A3 by Moody's or which exhibit similar credit quality in the view of the AIFM.
In addition, the Portfolio Manager may acquire Notes with a minimum credit rating of the obligor below the above mentioned levels, but at least BB- by Standard and Poor's or Ba3 by Moody's or which exhibit similar credit quality in the view of the AIFM, while in this case the underlying credit risk is ensured by an insurance company which is at least rated A- by Standard and Poor's or A3 by Moody's. In case an insured event occurs, Credit Suisse Nova (Lux) Supply Chain Finance Investment Grade Fund will benefit from its status as a loss payee under the relevant insurance contract.
Notes acquired by Credit Suisse Nova (Lux) Supply Chain Finance Investment Grade Fund on the basis of the obligor minimum credit ratings referred to above, will be sold by the Portfolio Manager as soon as reasonably possible where the relevant obligor is downgraded below the requisite minimum rating.

The Notes are not the exclusive investment instruments used by the Subfunds with a view to achieving their investment objectives and policies. The Subfunds may use other investment instruments in addition to or in substitution for the Notes that are similar to the Notes and/or which provide the same kind of exposure as the Notes (cash or cash equivalents (such as commercial papers), Receivables, debt instruments having a maturity of less than one year, money market instruments or money market funds, funds or ETFs with short term high

yield underlyings and derivatives like futures, options, interest rate swaps and credit default swaps).

As of 31.10.2020, the Notes held by Subfunds are issued by 3 securitization vehicles: Lagoon Park Capital SA, Wickham SA and Hoffman S.à r.l.:

Lagoon Park Capital SA (referred to as the Issuer) was incorporated in the Grand Duchy of Luxembourg as a public limited liability company (société anonyme) with unlimited duration on 02.10.2015 under the name Lagoon Park Capital SA and registered with the Luxembourg trade and companies register under number B200 543.
Wickham SA (referred to as the Issuer) was incorporated in the Grand Duchy of Luxembourg as a public limited liability company (société anonyme) with unlimited duration on 04.05.2017 under the name Wickham SA and registered with the Luxembourg trade and companies register (Registre de Commerce et des Sociétés Luxembourg) under number B214 410.

Hoffman S.à r.l. (referred to as the Issuer), a private limited liability company (société à responsabilité limitée) was incorporated under the laws of the Grand Duchy of Luxembourg on 18.09.2017 and registered with the Luxembourg trade and companies register (Registre de Commerce et des Sociétés Luxembourg) under number B218 048.
The Notes held by the Subfund are acquired under a warehouse facility agreement with Greensill Capital (UK) Limited, a financial service firm originating supply chain finance assets. Greensill Capital (UK) Limited was incorporated in the United Kingdom as a private limited company (Limited) with unlimited duration on 02.07.2012 registered with the Companies House under number 08126173.

The Issuers are special purpose vehicles established for the purposes of issuing asset backed securities.

c) Valuation of investment securities of each Subfund
Securities which are listed on a stock exchange or which are regularly traded on such shall be valued at the last available traded price. If such a price is not available for a particular trading day, but a closing mid-price (the mean of the closing bid and ask prices) or a closing bid price is available, the closing mid-price, or alternatively the closing bid price, may be taken as a basis for the valuation.
If a security is traded on several stock exchanges, the valuation shall be made by reference to the exchange on which it is chiefly traded.
In the case of securities for which trading on a stock exchange is not significant although a secondary market with regulated trading among securities dealers does exist (with the effect that the price is set on a market basis), the valuation may be based on this secondary market.
Securities traded on a regulated market shall be valued in the same way as securities listed on a stock exchange.
Securities that are not listed on a stock exchange and are not traded on a regulated market shall be valued at their last available market price. If no such price is available, the Company shall value these securities in accordance with other criteria to be established by the Board of Directors and on the basis of the probable sales price, the value of which shall be estimated with due care and in good faith.
Shares and units in UCITS and/or UCIs shall be valued on the basis of their most recently calculated Net Asset Value, where necessary taking due account of the redemption fee. Where no Net Asset Value and only buy and sell prices are available, the shares or units in such UCITS and/or UCIs may be valued at the mean of such buy and sell prices.
The valuation of Term Loans is based on prices provided by Markit. Markit loan pricing methodology is based at 99% on Composite prices. The remaining 1% are based on implied or modeled prices. A composite price is an average price based on marks received from various dealers.

Please also refer to the Valuation note under Subsequent events.

d) Cash at banks and at brokers
Cash at banks and at brokers includes cash in hand, margin calls and deposits held at call with banks and bank overdrafts.

e) Realised gain/loss on sales of investments of each Subfund
The realised gains or losses on the sales of securities are calculated on the basis of the average acquisition cost.

f) Foreign exchange conversion
The financial statements are kept in reference currency of each Subfund and the combined financial statements are kept in CHF.
Cash at banks, other net assets and the value of portfolio securities in currencies other than reference currency of each Subfund are converted into the reference currency at the foreign exchange rate prevailing on the date of valuation.

Income and expenses in currencies other than reference currency of each Subfund are converted into the reference currency at the foreign exchange rate applicable at the date they accrue to the Subfund.
Realised gains or losses on foreign currencies are accounted for in the statement of operations.

The acquisition cost of securities in currencies other than the reference currency of each Subfund is converted into the reference currency at the foreign exchange rate valid at the date of acquisition.

g) Transactions on investments in securities of each Subfund
The transactions on investments in securities are booked on a trade date basis.

h) Valuation of financial futures contracts of each Subfund
Unmatured financial futures contracts are valued at valuation date at market rates prevailing at this date and resulting changes in unrealised gains or losses are posted to the statement of operations / changes in net assets and are shown under unrealised gain/loss on financial futures contracts in the statement of net assets. Realised gains or losses are also posted to the statement of operations / changes in net assets under "Net realised gain (loss) on financial futures contracts".
i) Valuation of forward foreign exchange contracts of each Subfund
Unmatured forward foreign exchange contracts are valued at valuation date at forward exchange rates prevailing at this date and resulting changes in unrealised gains or losses are posted to the statement of operations / changes in net assets and are shown under unrealised gain/loss on forward foreign exchange contracts in the statement of net assets. Realised gains or losses are also posted to the statement of operations / changes in net assets under "Realised gain (loss) on forward foreign exchange contracts".

j) Valuation of swaps
On each valuation day, swap agreements are valued at the net present value of the future cash flows, using the relevant interest rate yield curve on valuation day.
For the valuation of excess return swaps, the relevant underlying is taken into account. The resulting unrealised gains or losses are shown under unrealised gain/loss on swap contracts in the statement of net assets. Realised gains or losses are also posted to the statement of operations / changes in net assets under "Net realised gain (loss) on swap contracts".

k) Allocation of accrued expenses
Expenses which can be allocated directly to a Subfund or share class are charged to this Subfund or share class. Expenses which cannot be allocated directly are divided among the Subfunds in proportion to the net assets of each Subfund or share class.

l) Securities Lending
The Company can practise lending of securities included in its portfolios of its Subfunds. The Company may only lend securities within a standardized system of securities lending organised by a recognised institution of securities compensation or by first class financial institutions specialised in this type of operations.

m) Income recognition
Dividends are recorded on ex-dividend date, net of withholding tax. Interests are accrued on a daily basis.

n) Other income
Other income includes the delayed compensations paid by the Loan Agent when the settlement date of the loan is extended, and fees on promissory notes and Trailer Fees.

o) License fees were payable to licensors of certain trademarks, service marks, or indices for Credit Suisse Nova (Lux) CS GAINSSM Commodity Plus.

Management fee
(see detail at Subfund level)

As remuneration for its services and reimbursement of its expenses, the AIFM is entitled to a monthly management fee, payable at the end of each month and calculated on basis of the average of the daily net asset value of each Subfund during the relevant month, from which are deducted fees paid by the Subfund for investment advice.
The Investment Managers of Credit Suisse Nova (Lux) European Senior Loan Fund and Credit Suisse Nova (Lux) Global Senior Loan Fund are entilted to a Performance fee (see details of its calculation in the Prospectus).

Depositary Fee

The Depositary receives from the Company such fees and commissions as are in accordance with usual practice in Luxembourg. They will be composed of a fee calculated as a percentage of the relevant Subfund's net assets.

"Taxe d'abonnement"

Under the prevailing laws and regulations, the Company is subject in Luxembourg, on the basis of its investments, to a "taxe d'abonnement" at the annual rate of 0.05%, payable quarterly and calculated on the basis of the net assets of each Subfund at the end of each quarter. In the case of Share Classes that may only be acquired by institutional investors, this annual tax rate is 0.01%.
The portion of net assets, which is invested in other Undertakings for Collective Investment in Securities under Luxembourg law, is exempt from this tax.

FX hedging fee

An annual FX hedging fee of up to 0.10% p.a. payable to the FX Hedging Agent (Credit Suisse Asset Management (Switzerland) Ltd.) is charged to the Alternate Currency Classes of the Subfunds. The FX hedging fee is calculated on a pro rata temporis basis on the basis of the average net assets of the relevant Alternate Currency Class upon calculation of its net asset value. No separate FX hedging fee shall apply to the Subfunds managed by Credit Suisse Asset Management LLC, New York. Margins / spreads charged by the FX counterparties are not covered by the FX hedging fee.
The FX hedging fees are shown under "Audit, control, legal, representative bank and other expenses".

Total Expense Ratio (TER)
(see detail at Subfund level)

The TER expresses the sum of all costs and commissions charged on an ongoing basis to the respective Subfund, taken retrospectively as a percentage of these assets.
If a Subfund invests at least 10% of its net assets as a fund of fund in target funds, a composite TER of the fund of funds is to be calculated as follows.
The prorated TER of the individual target funds including a performance related remuneration, weighted according to the share they represent in the overall assets of the fund of funds as of the closing date and the TER of the fund of funds minus the retroceded commissions received from the target funds during the reporting year.
No TER is disclosed for share classes launched less than 6 months before closing date nor for share classes closed during the year.
The TER is calculated following the SFAMA guideline.

Changes in the composition of the securities portfolio

Changes in the composition of the securities portfolio during the reporting year are available to Shareholders free of charge at the registered office of the Company or the local representatives in the countries where the Company is registered.

Senior loans

Senior loans are debt instruments that provide the lender a senior claim on the borrower's assets which take priority over unsecured loans and debt instruments. Some senior loans are not yet settled at year end, and represent 16 operations for Credit Suisse Nova (Lux) European Senior Loan Fund and 100 operations for Credit Suisse Nova (Lux) Global Senior Loan Fund.

Payable for securities purchased and receivable for securities sold in these Subfunds include those unsettled positions.

Exchange Rates

The combined financial statements are kept in CHF. For this purpose, the financial statements of the Subfunds are converted into CHF at the foreign exchange rates as of 31.10.2020:

- 1 USD = 0.916556 CHF
- 1 EUR = 1.067650 CHF

Fund performance
(see detail at Subfund level)

The performance of the year Y is based on the Net Asset Values as calculated on the last business day of the calendar year Y respectively Y-1. Those Net Asset Values reflect the market prices of the investments as of the last business day of the calendar year Y respectively Y-1.
Historical performance is no indicator of current or future performance.
The performance data given does not take into account commissions and costs incurred in the purchase or redemption of the Company's shares.
For shares launched more than 3 years ago no performance since inception is disclosed.

Securities lending

As per 31.10.2020 the Subfund participated in the "securities lending" system with Credit Suisse (Switzerland) Ltd., Zurich as follows:

Subfund	CCY	Stock Lending market value	Collateral market value
Credit Suisse Nova (Lux) Portfolio Premium I	USD	12,678,370	13,324,615

The collateral delivered by the securities lending counterparty to the Company is composed of a well-diversified portfolio of securities consisting of
- highly rated bonds issued or guaranteed by governments, government agencies, bodies regulated by public law or corporations (excluding Credit Suisse affiliates) from selected OECD countries.
- highly rated bonds from supranational organisations
- equities listed on selected stock exchanges within the OECD on the condition that the shares are included in a main and liquid index.

The determination of the market value of the collateral is subject to the application of appropriate haircuts adapted to the volatility of the collateral type.
The revenues mentioned in the Statement of Operations / Changes in Net Assets under "Security Lending Income" are the net amounts received from the lending principal. Any direct and indirect operational costs and fees are borne by the principal out of its fee and include the liability risk assumed by the principal.

For the year ended on 31.10.2020, the fees paid to the principal and the Subfunds amounted to as follows:

Subfund	CCY	Gross amount securities lending	Expenses and commissions from the securities lending counterparty	Net Amount
Credit Suisse Nova (Lux) Fixed Maturity Bond Fund 2019	USD	45,893.88	18,357.55	27,536.33
Credit Suisse Nova (Lux) Portfolio Premium I	USD	46,128.13	18,451.25	27,676.88

Transaction costs

Transaction costs include brokerage fees, stamp duty, local taxes and other foreign charges if incurred during the year. Transaction fees are included in the cost of securities purchased and sold.

Not all transaction costs are separately identifiable. For fixed income investments, forward foreign exchange contracts and for some other derivative contracts, transaction costs are included in the purchases and sale prices of the investments. Whilst not separately identifiable these transaction costs are captured within the performance of each Subfund.

Financial Derivative Instruments

The Subfunds may engage in derivative transactions for the purpose of efficient portfolio management. Details of the derivatives are displayed in the Notes pages of each Subfunds.

Depending on the type of derivatives held, collateral might be received from the different counterparts to reduce the counterparty exposure. For other type of derivatives, margin accounts might be used.

As at 31.10.2020, in order to reduce the counterparty risk, the following Subfund has received the following assets as collateral from the following counterparty for an amount of:

Subfund	Type	Counterparty	Amount
Credit Suisse Nova (Lux) European Senior Loan Fund	Cash	Morgan Stanley & Co. International Plc	EUR 10,000

Coronavirus Covid-19

Since the end of 2019 we have seen the development of the coronavirus COVID-19 outbreak globally. The Board of Directors and the Investment Manager continue to watch the efforts of governments to contain the spread of the virus and monitor the economic impact, if any, on the investments in our portfolio.

BREXIT disclaimer

According to the rules on disclosure to investors in Directive 2011/61/EU, AIFMs must take a number of steps to inform investors of the consequences of the withdrawal of the United Kingdom from the EU and the end of the transition period as of 31st December 2020. In particular, AIFMs must disclose to investors any material change to the information that is required to be disclosed in accordance with Article 23 of Directive 2011/61/EU, which includes, but is not limited to, the legal implications of the contractual relationship entered into for the purpose of investment. Moreover, AIFMs must assess whether the change of the legal status of the investment fund would impact on compliance with the investment strategy of the fund as communicated earlier to investors.

The overall impact by BREXIT is quite limited, as Credit Suisse Fund Management S.A. remains domiciled in Luxembourg and authorized by the CSSF. Also, there is no material impact on compliance with the investment strategy of the fund as communicated earlier to investors. The Credit Suisse Nova (Lux) remains an Alternative Investment Fund (AIF) and the delegation of the investment management as well as the appointed Depositary did not change.

The sub-funds which have been passported within the UK for marketing in the past, have been notified accordingly under the Temporary Permissions Regime (TPR) to the UK Regulator Financial Conduct Authority FCA. As a consequence thereof the Credit Suisse Nova (Lux) and any notified sub-fund continue to be eligible for marketing to the public in the United Kingdom during the TPR which is set to last for up to three years. Should the AIFM decide to not register any of the sub-funds before the end of the TPR under the respective newly applicable national law of the United Kingdom, such TPR registration will end automatically without any notice of de-registration to the FCA.

Where the investment guidelines determined the geographical scope by using the designations Europe, the European Union (EU) or the European Economic Area (EEA), amendments have been made to the investment guidelines to the effect that the geographical scope remains as is, i.e. investments in the UK will continue to be allowed in principle and for the investor nothing changes in this respect even though some instruments may qualify as OTC under EU Law rather than as exchange traded derivatives (ETD) under UK Law. The target investments have been investigated according to their instrument/asset type as to whether they might no longer be eligible investments after BREXIT and, where necessary, they have been divested, if any at all.

Liquidation of the Subfunds

As of 31.10.2020, there is still some cash remaining on the accounts held with the Depositary Bank of the following Subfunds which will be used to pay the remaining operating fees pertaining to these Subfunds and final payment of liquidation proceeds (if any) to Shareholders.

The amount of cash held in the accounts of the Subfunds already liquidated is as follows:

Credit Suisse Nova (Lux) CS GAINSSM Commodity Plus (liquidated on 03.02.2020): USD 6,695.39

Subsequent events

Credit Suisse Nova (Lux) Dynamic Alpha Commodity Fund was launched on 15.12.2020.

On 01.03.2021, the Board of Directors of the Company informed the Shareholders of Credit Suisse Nova (Lux) Supply Chain Finance High Income Fund and Credit Suisse Nova (Lux) Supply Chain Finance Investment Grade Fund (the "SCF Subfunds") that the calculation of the Net Asset Value as well as the issuance, redemption and conversion of Shares from or into the SCF Subfunds are suspended with effect as of 01.03.2021.

This decision was taken due to a certain part of the SCF Subfunds' assets being subject to considerable uncertainties with respect to their accurate valuation to prevent any detriment to the SCF Subfunds and their investors as might result from such valuation uncertainty.

On 05.03.2021, the Board of Directors informed the Shareholders of the SCF Subfunds about their decision to terminate the SCF Subfunds with effect as of 04.03.2021. The valuation uncertainty with respect to certain investments, the reduced availability of insurance coverage for new investments and the related substantial challenges to source suitable investments make it currently unachievable for the SCF Subfunds to remain invested in accordance with their investment policies.

As a consequence, all shares of the SCF Subfunds will be compulsorily redeemed and will participate pro rata to the SCF Subfunds' assets.

The management fee and FX Hedging fee relating to the SCF Subfunds had been waived with effect 04.03.2021. Any legitimate costs and charges that are incurred in relation to the liquidation of all shares of the SCF Subfunds will be borne by the SCF Subfunds.

The total net proceeds from the compulsory redemption per share of the SCF Subfunds will be communicated to the Shareholders at the closing of the liquidation of the SCF Subfunds.

On 08.03.2021, the Shareholders of the SCF Subfunds were informed that the payment of a first instalment of the compulsory redemption was made to the respective depositary / client account with value date 10.03.2021 as follows:

A number of regulatory investigations and actions have been initiated or are being considered in respect of these matters. Furthermore, certain investors have already threatened litigation and, as this matter develops, the SCF Subfunds, Credit Suisse Group AG and its subsidiaries may become subject to litigation, disputes or other actions.

Credit Suisse Group AG and its subsidiaries, including the AIFM, Credit Suisse Fund Management S.A., continue to analyse these matters, including with the assistance of external counsel and other experts.

Liquidation cost

The SCF Subfunds will be responsible for certain cost arising from the management of the wind-down process including, but not limited to, recovery efforts, insurance, and potentially litigation. Given the early stage of all these different work streams it is not possible yet to provide for a meaningful estimate of cost items to be incurred by the SCF Subfunds until the actual closing of the SCF Subfunds. It should also be noted that debtors are generally responsible to pay for any enforcement related cost themselves. Accordingly, it would be premature to add a specific provision for cost to the 2020 financial statements of the SCF Subfunds already at this early stage of the process.

Valuation Note

The decision of the Company's Board to liquidate the SCF Subfunds was taken due to the existence of considerable uncertainties with respect to the accurate valuation of the assets held by the SCF Subfunds. The two SCF Subfunds have been accounted for under liquidation accounting principles. Nevertheless, the Company's Board deems the valuation of these assets based at amortised cost as of 31.10.2020, without adjustment, as the most appropriate method considering the analysis below and to protect the interests of the investors of the fund in the ongoing negotiations with defaulted obligors regarding their repayment of the notes. The valuation of these assets corresponds to the valuation that was used for the purpose of the calculation of the SCF Subfunds' net asset value as at 31.10.2020.

Repayment status of the notes held by the SCF Subfunds at 31.10.2020 as at 31.05.2021:

	Credit Suisse Nova (Lux) Supply Chain Finance High Income Fund	Credit Suisse Nova (Lux) Supply Chain Finance Investment Grade Fund
Degree of uncertainty of repayment*	Sum of %TNA	Sum of %TNA
No uncertainty	65.99	49.71
Low	4.10	-
Medium	1.47	-
High	12.91	.
Total	84.47	49.71

Any potential insurance payments are not considered in the above for concerned notes

- No uncertainty: Notes that have already matured and/or were fully paid back since 25.02.2021, the date of the last official NAV of the SCF Subfunds
- Low: Notes without late payments since 25.02.2021, the date of the last official NAV of the SCF Subfunds, with the expectation of a full recovery and a low valuation uncertainty

- Medium: Notes with some late payments since 25.02.2021, the date of the last official NAV of the SCF Subfunds, but with the expectation of a full recovery and a medium valuation uncertainty
- High: Notes with the expectation of not having a full recovery and a high valuation uncertainty

The above repayment status is based on the notes held as of 31.10.2020. Notes matured/fully paid back since 31.10.2020 may have been reinvested into new notes up to the date of NAV suspension and may now be under valuation uncertainty.
The portfolio management team continues to work on liquidating the remaining assets in the SCF Subfunds as the receivables comprising the funds' assets mature. However, there remains considerable uncertainty regarding the valuation of a significant part of the remaining assets, including the fact that certain of the notes underlying the funds were not paid when they fell due and the portfolio manager has been informed that further notes will not be paid when they fall due in the future. It therefore can be assumed that investors may suffer losses.

Future receivables
The SCF Subfunds not only invested in receivables generated by suppliers, but also in loans that financed future sales of goods and services by suppliers. Such loans were converted into the purchase of a receivable when the planned transaction between the supplier and its customer took place and generated a receivable. In each case a future sale was financed and, as a consequence a future receivable was purchased, the supplier warranted that such future receivable was a bona fide receivable, generated in the ordinary course of business of the supplier. The basis of the financing of future transaction and the purchase of future receivables was therefore always, that the supplier could reasonably expect the planned transaction with its customer to close and to actually generate a receivable. If the planned transaction nevertheless did not take place and no receivable was generated the supplier remained liable for paying back the loan it had received. With the financing of future sales and the purchase of future receivables, the funds therefore always either had invested in a supplier payment undertaking or, if the pertinent transaction between supplier and customer took place, in a receivable that could be collected from the supplier's customer. In the light of claims made in the media, Credit Suisse is currently investigating whether certain suppliers have tried to finance future sales that could not reasonably be expected to take place and therefore would not generate a receivable that could be transferred – even in such set of facts, the supplier naturally remained liable for the money that was lent to it.

Credit Suisse Nova (Lux) CS GAINSSM Commodity Plus

Credit Suisse Nova (Lux) CS GAINSSM Commodity Plus was liquidated as at 03.02.2020.

Credit Suisse Nova (Lux) European Senior Loan Fund

The annual period ended October 31, 2020, was one of unexpected volatility for all asset classes. The loan market showed strength in the beginning of the period, as a strong economic backdrop highlighted by declining unemployment boosted corporate earnings helped increase investor appetite for senior loans. However, markets plunged in March 2020 as COVID-19 spread globally. The senior loan market recovered in the second quarter, as distressed and opportunistic credit buyers entered the market, lockdowns and restrictions were lifted in parts of the United States and Europe, and economic activity began to recover. The recovery continued through the summer and early fall as third quarter earnings steadily improved and investors gained confidence that there would be continued improvement.

For the annual period ending 31.10.2020, from a sector perspective, Transportation and Manufacturing were both positive contributors to performance. Within both sectors, security selection contributed to outperformance. Healthcare and Aerospace were detractors to performance. From a rating perspective, B3 was a positive contributor to performance, while B1 was a detractor to performance, both due to security selection.

Credit Suisse Nova (Lux) Fixed Maturity Bond Fund 2019

Credit Suisse Nova (Lux) Fixed Maturity Bond Fund 2019 was liquidated as at 20.12.2019.

Credit Suisse Nova (Lux) Fixed Maturity US Loan Fund 2021

Credit Suisse Nova (Lux) Fixed Maturity US Loan Fund 2021 was merged into Credit Suisse Nova (Lux) Global Senior Loan Fund as at 08.10.2020.

For the annual period ending 31.10.2020, from a sector perspective, Housing and Chemicals were both positive contributors to performance. Within both these sectors, security selection as well as overweight positions versus the benchmark contributed to outperformance. Aerospace and Healthcare were detractors to performance. From a rating perspective, B3 was a positive contributor to performance, while Ba3 was a detractor to performance, both due to security selection.

Credit Suisse Nova (Lux) Portfolio Premium I

The fiscal year started relatively well and calm. Financial markets trended higher with 10-year US Treasury yielding around 1.8%. The calm didn't last long until COVID-19 spread around the globe and triggered the deepest global recession since the Great Depression in the 1930's, causing very high volatility that led to a significant stock market sell-off. The correction of around 35% (MSCI AC World Index) lasted only around 21 business days and started after the S&P 500 Index reached all-time highs in the second half of February. From this bear market situation, global equity markets staged one of the fastest recovery given the unprecedented global central bank support and very accommodative fiscal stimulus of all major governments around the world. This caused not only government bond yields to reach new record lows but also credit spreads tightened tremendously given the credit purchase programs of global central banks. This low yields fueled the stock market rally more or less until the end of the fiscal year.

Given this extraordinary fiscal year and the challenging environment, we have weathered the difficulties quite well without altering the underlying assets too much and trying to stay the course as good as possible. Decisive was the announcement by the Federal Reserve to purchase not only investment grade credits but also high-yield bonds. With this assurance and the impact it had on credit spreads, we kept the investment ratio at a very high level concentrating on high quality names that are able to grow top line (revenues) and are able to grow their free cash flow as well. We were also increasing the weight in sectors that were the main beneficiaries of the pandemic situation like health care or technology names. If the COVID-19 pandemic situation has a positive side effect; then, it is definitely how business is done in the future. According to the founder of Logitech International, the whole digital revolution was accelerated and brought forward by around five years. Given all these developments, the Credit Suisse Nova (Lux) Portfolio Premium I participated in the rally and posted a return of +3.55% during the fiscal year.

Currently global economic activity is decelerating due to second waves of COVID-19 in Europe and the USA. These new outbreaks and the resulting restrictive lockdown policy will likely persist through winter. After that, we expect strong economic growth as vaccines and fiscal stimulus should help economic activity return toward pre-COVID-19 trends. We forecast global GDP to expand 4.1% in 2021 after a contraction of 3.7% in 2020. However, the strength and speed of the eventual recovery will not just be determined by the rollout of the vaccine, but also by the scale and the damage done to jobs and businesses in the second wave of COVID-19. Nevertheless, given our capital market assumptions, we expect global economic growth to be above potential growth for the next five years. Since the output gap is open and unemployment high, we don't expect that inflation will increase too much. For this reason, we see first interest rate hikes in 2023 (Fed) and 2024 (ECB) only.

Credit Suisse Nova (Lux) Supply Chain Finance High Income Fund

The start of the reporting period was relatively quiet characterized by low market volatility and a good sentiment for risky assets. This changed during the course of the first quarter 2020 when the effects of COVID-19 resulted in a spike of market volatility and a sell-off in risky assets. While markets recovered during the summer months driven by central bank as well as fiscal measures uncertainty remains elevated, reflected in a still volatile market enviornment.

Latest after the spike in volatility, central banks have been in the spotlight again. To calm down markets, the US Federal Reserve (Fed) did cut the reference rate in March twice, first by 50 basis points followed by another 100 basis points bringing it down to 0.25. During the reporting period the USD Libor curve moved down significantly with the 12 month rate going to 0.33% while the 3 month rate is down to 0.22%

The assets under management decreased in the first half of the reporting period while the asset base did grow again after the summer months. The portfolio remained well diversified and on a sector level, we saw an increase in the allocation to telecommunications as well as food. The dominant country remained the US followed by Germany and the United Kingdom. The duration was in a narrow band around 0.40 years.

Subsequent events: On 01.03.2021, the board of the Company suspended redemptions and subscriptions in the fund and the fund board subsequently approved the commencement of the liquidation process of the fund. The reason for this was that some of the funds' assets became subject to considerable uncertainty with respect to their valuation. Moreover, the reduced availability of insurance coverage for new investments and the related substantial challenges to source suitable investments meant it was unachievable for the funds to remain invested in accordance with their investment policies. Acting in the best interest of investors in the funds, Credit Suisse Asset Management is now focused on maximizing value for the investors and will not be making any new investments.

After the launch and in the light of the ramp up phase of the portfolio focus was to diversify the portfolio step by step. Throughout the reporting period the portfolio diversification has been increased significantly by adding new programmes. On a sector level the largest exposures has been pharaceuticals, transportation as well as chemicals. Since start the duration was kept in a narrow band roughly around 0.20 years. In May 2020 Moody's assigned a A-bf bond fund rating to the fund.
